

ORGANIC FARM
DO NOT SPRAY

Invest in farmers, harvest change.

SSNUP increases the resilience of smallholder farming households by co-financing technical assistance projects and promoting investments in agricultural value chains – ultimately improving the well-being of low-income populations.

Smallholder SustainAbility
Upscaling Programme

with

WHAT IS SSNUP?

The **Smallholder Sustainability Upscaling Programme (SSNUP)** is a ten-year multi-donor programme (2020-2030) that leverages the knowledge and networks of the technical assistance facilities belonging to impact investors active in agriculture and rural finance. The SSNUP co-finance technical assistance projects that aim to strengthen agricultural value chain actors and develop tailor-made agricultural financial and non-financial products and services, ultimately improving the resilience of smallholder farmers and their households.

3 specific outcomes

1

Smallholder households
will enhance
their resilience

2

Agricultural value chains
will be
strengthened

3

Investments in the agricultural sector
will increase

Topics of technical assistance projects supported by SSNUP

**Environment
& climate change**

**Food security
& nutrition**

**Gender
equality**

**Fair agrifood
systems**

**SUSTAINABLE
DEVELOPMENT
GOALS**

René Lauer

Deputy Director for Development Cooperation and Humanitarian Affairs, Luxembourg Ministry of Foreign and European Affairs, Defence, Development Cooperation and Foreign Trade

The success of SSNUP is rooted in a multi-stakeholder approach, bringing together public institutions and private sector actors. The SSNUP is a concrete expression of Luxembourg's commitment to using innovative mechanisms and mobilising inclusive partnerships to address complex development challenges and accelerate progress toward the Sustainable Development Goals leaving no one behind.

Programme key figures phase 1 (2020-2025)

€10.1 million

in co-financed technical assistance projects, **71%** in Africa.

€188 million

of additional investments received by the beneficiary organisations supported by SSNUP.¹

¹ This total amount of additional investments was disbursed after the projects started. However, it cannot be directly attributed to the SSNUP projects that the organisations benefited from.
